

**Шановні учні, Ваше завдання!**

**Завдання 1. Перекласти текст.**

### **Six Reasons Why English Is Important**

1. It's an international common tongue.
2. It's the language of academia.
3. It gives you access to a wealth of written media, online and printed.
4. It comes in handy when traveling.
5. It's essential if you want to work in international business or commerce.
6. It's the language of Hollywood.

**Should English Be the World's Official Language?**

There are many ways that individuals can benefit from understanding English. The idea of having an international common tongue seems pretty great; it opens paths of communication between more communities than ever, and it seems to level the playing field in some ways—in the globalized world we live in, everyone having the best tools possible sounds like a good thing, right?

**Tips for Improving Your English**

Take a class online or in person.

Read books and watch movies in English to expose yourself to the language.

Watch English TV shows or newscasts regularly.

Make a point to learn five new English words every week.

Listen to English songs and learn all the words.

Practice with a mentor, or find a conversation buddy who also wants to learn English.

When reading a book in English, say the words out loud.

Use online dictionaries and translators.

Watch educational YouTube videos that teach English as a second language.

Get an instructional book on ESL to guide your learning process.

Use your phone's voice-to-text function to improve your pronunciation.
